Paddlers Requirements

New members of QSKC are required to attend an AC Basic Skills Award day prior to their first paddle, or hold equivalent AC qualifications.

For beginners with some paddling experience. Paddlers should have an appropriate level of fitness, which will enable them to safely paddle up to 15k per day. Individuals must self assess their ability, and their equipment's ability to participate in this level club event and should consult the trip leader if any aspect of their suitability requires clarification'. **First time paddlers to the club MUST contact trip leader prior to the trip.**
